FORK SERVICING

We've been busy revamping and fully stocking our workshop so we are ready to get you on the trails quicker than ever! Our turn around time is currently sitting at just one week or less, parts availability depending.

Your forks and rear shock are lubricated and sealed to prevent wear, but this lubricant runs out after roughly a year of riding.

This means that if you haven't had yours serviced in over a year you genuinely risk damaging the fine-tuned internals of your suspension! The difference you will feel is genuinely incredible!

Get in touch or book ahead. Click the link below; email info@offbeatbikes.co.uk; call us on **01397 704008**.

Call in to see a good selection of open water wetsuits and accessories from Dryrobe, Orca, Zone 3 and Northern Diver. There are **5MM Gloves** perfect for dipping from £19. We have Dryrobes, safety buoys, booties and goggles too.

We've staff who swim regularly on hand to help and plenty of suggestions for places to swim!

Call in we're open 5 days! Drop us a message, email info@offbeatbikes.co.uk or call **01397 704008**.
