OFF BEAT BIKES

FORT WILLIAM, SCOTLAND

Lightweight Cube E-Bikes to Test (Full-sus & Hardtails), MTB Route & Events!

CUBE AMS HYBRID ONE44 ELECTRIC MTB

The Cube AMSHybridOne44 is one of the most compelling lightweight full-suspension electric MTBs available, tipping the scales at **just 17.3 kg**. It bridges the gap between agile ride feel and serious e-power, thanks to its carbon chassis, Bosch SX drive system, and scalable build options.

Ideal for smashing out downhill laps without dragging around extra weight – it's fast, fun, and built to ride hard.

Want to try one for yourself?

Join us for a test ride on 25th July – book now and feel the difference.
