♂ OFF BEAT BIKES - 40 YEARS ON ♂

Off Beat Bikes first began in 1985, and now—40 years on—we're proud to be celebrating this milestone with you. Though there have been a few pauses along the way, the same spirit of adventure, community, and love for cycling has carried us through every chapter. We wouldn't be here without the support of our riders, customers, and friends, and we're excited to keep the wheels turning for many more years of biking, exploring, and good times together.

From those first mountain bikes to today's industry-leading electric bikes, our journey has always been about more than just cycling. It's about Fort William, its people, our customers, our staff, and the incredible access we share to some of the best riding and outdoor experiences in the world.

Thank you for being part of our story. Here's to the next 40 years of adventure—together.
